

COVID safety homework
Spring 2022

All students registered for this class must complete four tasks before our first in-person class meeting.

1. View the CoS (College of Science) COVID Training slides found in this Google Drive folder:

https://drive.google.com/drive/folders/1Vmp39U9-CNpbwRobtZsGIZPTgRwV_Nh6

2. Read the SJSU Phased Adapt Plan:

<https://www.sjsu.edu/healthadvisories/sjsu-adapt/plan/index.php>

3. Download the fillable PDF COVID Safety form from our course website. You can “sign” the form by typing your full name into the signature field.
4. Submit your saved and e-signed form via Gradescope.

Failure to comply with the safety requirements outlined in the CoS COVID-19 Training slides, the SJSU Phased Adapt Plan, and outlined by instructors and TAs for in-person classes will be grounds for dismissal from class. Please review the above material as needed throughout the semester, as updates will be implemented as changes occur.
